DOCUMENT CONTROL

Product Specification

Version: 1.1
Issued: 29.09.2026
Applies to: Rose Damascena
Scope: Commercial specification
Status: Approved

Indicative values. The values in this document are typical of the product, not the results of a particular batch. For batch-specific documentation and values (certificate of analysis, GC-MS report), contact us at **sales@bioform.bg** or +359 889 45 05 50.

DESCRIPTION

Dried rose petals from Bioform's own 120-hectare Rosa damascena plantation in Bulgaria's Rose Valley represent one of the most premium dried botanicals available on the market. Harvested by hand at the brief morning peak — the same window used for essential oil distillation — and gently dried on site, the petals retain their characteristic colour, fragrance and bioactive flavonoid content.

IDENTITY AND ORIGIN

Botanical Name	Rosa damascena Mill.
Common Name	Damask Rose Petals, Dried Rose Petals
Plant Part	Flower petals
Extraction	Drying
