### DOCUMENT CONTROL

Product Specification

Version: 1.1  
Issued: 29.09.2026  
Applies to: Juniper Berry Essential Oil  
Scope: Commercial specification  
Status: Approved

**Indicative values.** The values in this document are typical of the product, not the results of a particular batch. For batch-specific documentation and values (certificate of analysis, GC-MS report), contact us at [sales@bioform.bg](mailto:sales@bioform.bg) or +359 889 45 05 50.

### DESCRIPTION

Juniper berry essential oil is valued for its crisp, clean, woody-balsamic aroma and wide range of applications across fragrance, cosmetics and food industries. Bioform's juniper oil is steam distilled from ripe *Juniperus communis* berries.

### IDENTITY AND ORIGIN

|                |                                          |                |                                                                          |
|----------------|------------------------------------------|----------------|--------------------------------------------------------------------------|
| Botanical Name | Juniperus communis L.                    | Appearance     | Clear to pale yellow liquid                                              |
